

LoadSurfer

Material Handling Equipment

400kg Manual Platform Stacker

Product Code: STACK-FP0415

Perfect for use where loads exceed manual handling directive but do not demand a heavy duty Industrial Stacker

Enables one person to handle difficult lifting and moving jobs

Platform runs on lifting carriage up and down on a chrome plated tubular frame

Foot pump operated hydraulic lift with overload valve

Polyurethane wheels with braked rear castors

Simple and easy to use
