

PRODUCT SPECIFICATION

Safety is our first priority™

G100 Chain Sling

Yoke G100 Premium Chain Slings are engineered for superior performance and safety in demanding lifting applications. Manufactured from Grade 100 alloy steel, these chain slings offer a remarkable 25% higher working load limit (WLL) than traditional Grade 80 chains, while maintaining a lighter weight. This translates to increased efficiency and productivity on your job site.

SUMMARY

- Complies to EN818
- Supplied fully tested and certified
- Chaintag with ID
- Available with safety hooks or latch hooks
- Includes shortening adjusters for versatile use
