

# PRODUCT SPECIFICATION

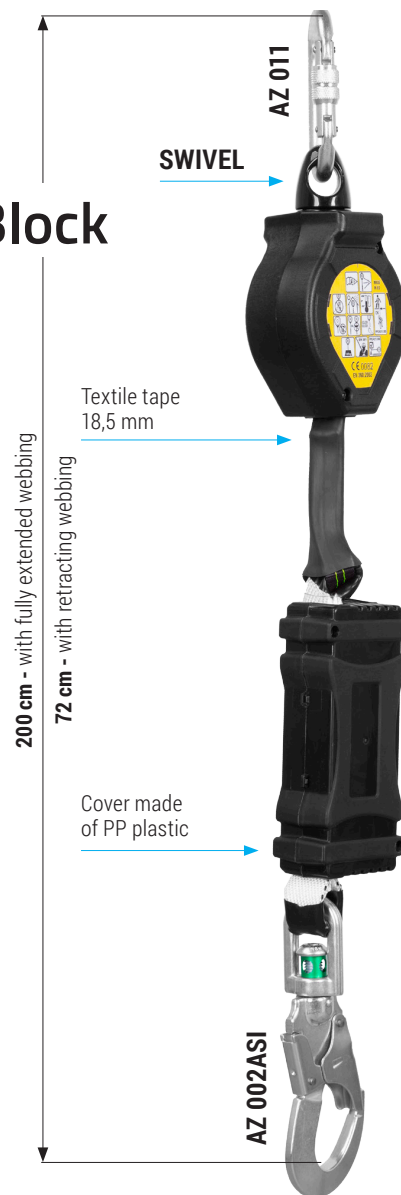

## 2mtr Mini Retractable Fall Arrest Block

The G-Force 2mtr Mini Retractable Fall Arrest Block is a compact and lightweight fall protection device designed for both vertical and horizontal use. It features a 2mtr webbing lifeline with an integrated shock absorber and is rated for Fall Factor 2 (FF2) - making it suitable even when anchorage is at or below the user's feet. With a 140kg user capacity and EN360:2002 compliance, it's a reliable choice for everyday work at height.

### SUMMARY

- Rated for Fall Factor 2 (FF2) use
- Suitable for vertical and horizontal applications
- 2mtr retractable webbing
- Only 1.6kg making it easy to carry and wear with no added bulk
- Integrated energy absorber to limit fall forces
- Max user weight: 140kg
- Swivel top to reduce webbing twist
- Built-in fall indicator for quick visual checks
- Fully compliant with EN360:2002 standards
